PERFECTION IN BREWING IS REACHED IN AMERICA

ASK FOR "PABST"

Take Up the Slack.

The human body in the heat of summer may be likened to a ship in a dead calm; she cannot make port without the little tug-boat, which, catching her by her loose cable pulls gently, but gradually, and taking up the slack brings her safely to the dock.

The nerves, the muscles and the mind in summer, are at the slack of their cables, yet the cares of household or business may increase. That famous little tug,

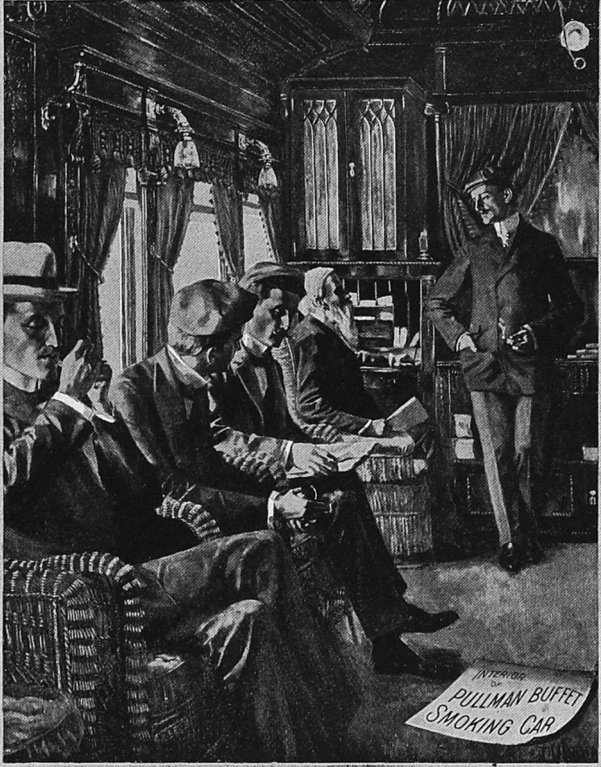

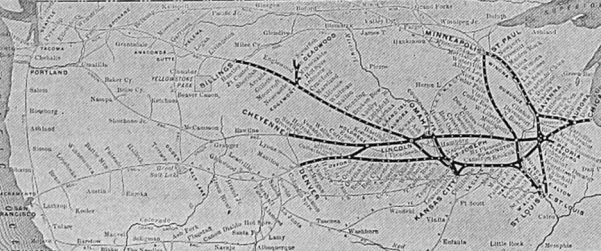

PABST MALT EXTRACT, The "Best" Tonic

takes right hold of the loosened ropes, gently gives new action and vitality, and draws one through the critical months to fresh and vibrant life. Cool, foaming and full of rejuvenating influences, it makes the relaxed forces taut and strong.

Pabst Malt Extract *is* The "Best" Tonic.

AMATEUR PHOTOGRAPHERS

THE editor of PHOTO ART desires to secure examples of interesting and artistic AMATEUR WORK from all parts of the United States. From the contributions sent him he will select what he considers the best and most generally interesting for careful reproduction and publication in PHOTO ART. Charming bits of scenery, character studies and interesting group pictures are especially desirable. Photographs of public buildings, street scenes and important happenings are also suggested. WAR PHOTOGRAPHS will be of particular interest, and amateurs who are able to secure pictures of any of our battle-ships and cruisers, of troops in camp or en route for war, or of characteristic scenes in the ARMY and the NAVY, are especially urged to forward prints from their negatives. All photographs thus sent to the editor will be carefully preserved, and returned whenever desired. All should be labeled and should be accompanied by the photographer's name and address, which will be withheld from publication if requested. Any descriptive or explanatory matter sent with a photograph would also be welcome.

The publishers of PHOTO ART regret to announce that owing to the disturbed condition of the country it has been decided to postpone the publication of that periodical UNTIL SEPTEMBER, but in the meantime every effort will be made to accumulate a large number of contributions for the first issue and the issues following. The courtesy and interest of ALL AMATEURS who co-operate in this endeavor, by sending photographs and other contributions to the editor, will be warmly appreciated, and the publishers will be pleased to reciprocate by sending the magazine gratis to the contributors. Address all communications to the publishers,
